SALAR JUNG MUSEUM

Brief History & Evolution of The Museum

The Salar Jung Museum of Hyderabad is a repository of the artistic achievements of diverse European, Asian and Far Eastern countries of the world. The major portion of this collection was acquired by Nawab Mir Yousuf Ali Khan popularly known as Salar Jung III. Some of the rare objects were collected by his grand father Nawab Mir Turab Ali Khan, Sir Salar Jung I. The "Veiled Rebecca", an enchanting marble statue and one of the prized possessions of the Salar Jungs, was acquired by him from Rome in 1876. Similar zeal for acquiring art objects continued as a family tradition for three generations. In 1914, Salar Jung III after having relinquished the post of Prime Minister of H.E.H., the Nizam, devoted rest of his entire life in collecting and enriching the treasures of art and literature till his death. The precious and rare art objects collected by him for a period of over forty years, find place in the portals of the Salar Jung Museum. After the demise of Salar Jung-III and in the absence of any direct legal heirs, the vast collection of precious art objects and his Library were housed in the ancestral palaces of the Salar Jungs and the desirability of organizing a museum out of the Nawab's collection dawned quite soon and Sri M.K.Velodi, the then Chief Civil Administrator of the Hyderabad State approached Dr.James Cousins a well known art critic, to organize the various objects of art and curios which were lying scattered in different palaces of Salar Jung III in the form of a museum.

Dr. Cousins suggested to seek the services of Sri G.Venkatachalam, an art critic, for this purpose. Sri Venkatachalam had a formidable task before him in selecting and arranging material which could be relevant for a museum, from an immense collection. The venue of the proposed museum was to be the "Dewan-Deodi" itself, the ancestral palace of the Salar Jungs and the palace where Mir Yousuf Ali Khan lived all his life. The control and the supervision of the affairs of the newly born museum was vested with the Salar Jung Estate

Committee. Thereafter, with a view to perpetuate the name of Salar Jung as a world renowned art connoisseur, the 'Dewan Deodi' in the form of Museum was opened to the public by Pandit Jawaharlal Nehru, the then Prime Minister of India on 16th December 1951. Thus, the present Salar Jung Museum was brought into existence. However, the administration of the Museum continued to be vested in the Salar Jung Estate Committee till 1958. Thereafter, the heirs of Salar Jung Bahadur graciously agreed to donate the entire collection to the Government of India through a Compromise Deed based on a High Court Decree on 26th December 1958. The Museum continued to be administered directly by the Government of India till 1961.

In the year 1961 through an Act of Parliament No.26 of 1961 the Salar Jung Museum together with Salar Jung Library was declared to be an Institution of National Importance and to provide for its administration and other connected matters the Salar Jung Museum Board was established.

All the art objects which were being taken care of and managed by the Salar Jung Estate Committee were handed over to the Government of India, duly listed in documents. The inventory of the collections listed in the registers were in Urdu language which are the basic records. During the years 1963 and 1964, a set of 109 Inventory Registers were prepared in English on the basis of earlier Registers, along with detailed description, measurements and relevant photographs. Again in 1976, a new set of registers were prepared in English, called Master Ledgers/General Accession Registers, which are the improved version of Inventory Registers.

The Salar Jung's family has a glorious past with great qualities of statesmanship for generations and rich contributions from the family towards the vast collection of art objects, manuscripts and printed books, which now find a place in the museum.

Nawab Mir Yousuf Ali Khan Bahadur Salar Jung – III

Nawab Mir Yousuf Ali Khan's passionate love for curios was known to one and all. His palace was thronged with all those people who had something to sell. Thus, manuscripts, printed books, miniature paintings, calligraphic panels and all sorts of curios were brought to him for his selection. Dealers from different parts of India used to pay periodical visits to his palace. He was accosted with rare pieces of art as well as copies. For years together, he went on collecting curios and antiques which were housed in several rooms of his palaces. His love towards art took him to Europe and the Middle East countries. The catalogues and lists sent by agents and famous dealers from abroad were perused and sometime made purchases through cable. His last consignment was a set of Ivory chairs, said to belong to Tipu Sultan of Mysore. It is a pity he could not live to see these chairs, since the consignment was received only after his death. Besides collecting curios, manuscripts and books, he also used to patronize poets, writers, artists and encouraged literary, cultural and social activities as well. He was also instrumental for the publication of many books of their family history, for example 'Sher Jung', 'Mir Alam/'Riaz-e-Mukhtaria' and 'Muraqqa-e-Delhi', which were dedicated to him. His own biography 'Yousuf-e-Deccan' was published during his lifetime. Thus, it is evident that the treasures which the last Salar Jung inherited were constantly added with the love and zeal of a real collector. This went on for forty years till he passed away on 2nd March, 1949. The then Military Governor declared a public holiday as a mark of respect to this great man, who was a premier noble and Ex-Prime Minister of the old order. The Hyderabad Art Society convened a meeting and passed a resolution of condolence. The Society also resolved that a Museum be opened associated with his name. The friends of late Nawab, Prof. Hussain Ali Khan and Nawab Mehdi Nawaz Jung Bahadur did their best for materializing the idea.
